

Where is Jeff the Horse?

Jeff is a funny horse and loves red apples. His mission in this story is to accompany the farmer's wife to go shopping. Jeff is also a bit lazy and you have to find out which part of the farm he went to hide in. The story runs in rhyme, while the games are based on logical comparisons.

Subjects

Engineering (Visual-spatial intelligence)
Science

Social skills introduced

Friendship

Further information

Training children in the development of reasoning and logical thinking is important from an early age. A first approach is based on the recognition and comparison of different dimensions or heights. In this phase of growth, the capacity for intuition and association, as well as that of reasoning, also helps to acquire greater self-confidence.

Suggested age

3 years

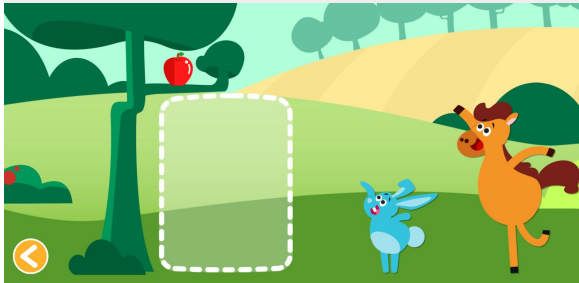

Difficulty of game

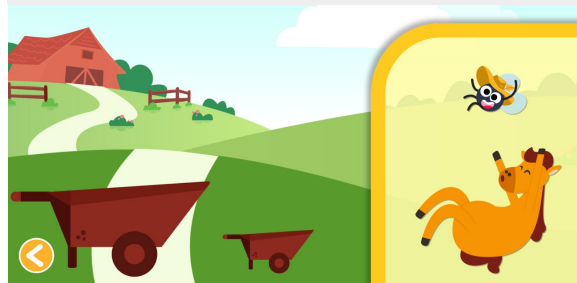

Learning objectives

- Perception of dimensions (tall-short, big-small)

Which of the animals is taller?
Drag the animal that can fit under the branch
