

Do monsters like cakes?

Even the tiger Marie is terrified of the jungle "monster" and decides to bake all day so as not to think about it. The encounter with the dinosaur Oscar will be unexpected and full of surprises. With this story set in Marie's kitchen it's even more fun to make cakes and train with coding!

Subjects

Technology

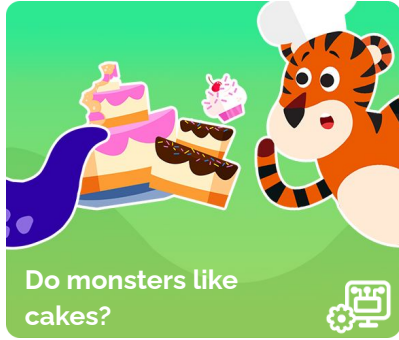

Social skills introduced

Cooperation

Emotions

Further information

With coding exercises kids must perform a series of instructions in sequence to achieve a goal, thus learning to deal with complex problems by breaking them down into several parts. The coding exercises for children are introductory to computer programming.

Suggested age

4-5 years

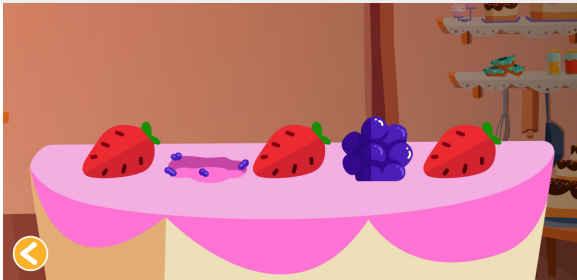

Difficulty of game

Learning objectives

- Pattern recognition
- Debugging

Which part of the cake did Oscar eat?
Look at the sequence and touch the missing ingredient!

Marie gave Oscar some instructions, but he did something wrong. Look at the ingredients, then touch the mistake

Something's in the wrong place!
