

Luna the helpful chicken

In the Kingdom of Free Chickens lives Claire, a very brave hen with a passion for stars and planets. She loves reading and she's ready to leave for space. In this collection called "Luna in Space" biology and astronomy are discussed and coding exercises offered.

Reading comprehension questions

1. What is Claire's great passion?
2. Who does Claire feed?
3. What do Claire and her chicken friend prepare to eat?
4. When she drives the spaceship Claire changes her name: what is her name now?

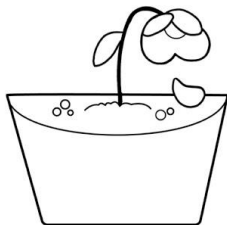

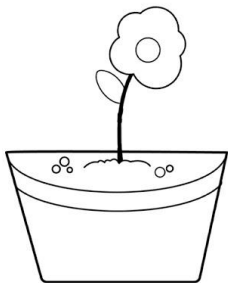

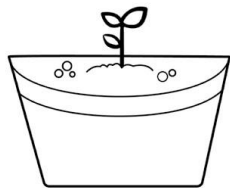

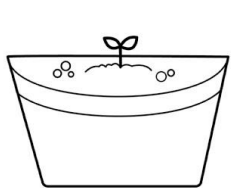

Ideas for activities

- Sowing seeds: take some water glasses or glass jars, put a little cotton wool at the bottom and place 3-4 lentils or beans on top of the cotton wool; then cover them with more cotton wool and wet them. Remember to water them every 2-3 days, always keeping the cotton wool moist. Wait for the seedling to sprout.

WHAT HAPPENS NEXT?

Only color the correct scene.

WHAT CAN YOU EAT?

Only color what you can eat.
