

Billy the postman

Although he may seem clumsy and awkward, Billy the hippo is the postman of the jungle. He is very agile and super organized! His mission is to deliver invitations to all animals. This rhyming story enriches the "Ray in the Jungle" collection with more educational games to teach math.

Reading comprehension questions

1. What's Billy's job?
2. What task does Billy have?
3. Whom does Billy ask for help to carry the invitations up the trees?
4. What animals live on trees?

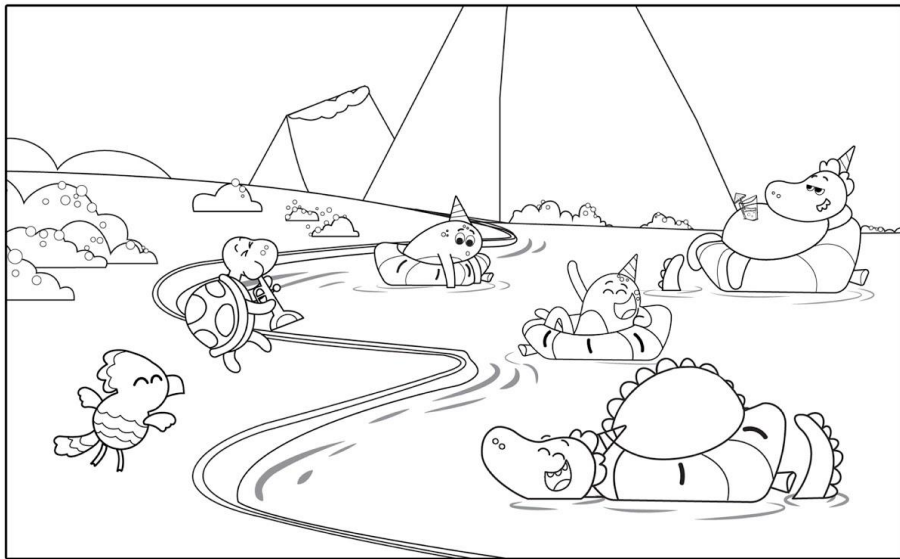

Ideas for activities

- Get together some toy animals or pictures of animals and divide them up by type (e.g. wild, domestic, farmyard) and then count them.
- Determine which set has the most animals.

LET'S COUNT IN THE RIVER!

How many animals are there in the river?
Circle the correct number

4 5 6 7
