Why am I happy?

Happiness is also an emotion that kids have to learn to manage: this is the case of the dinosaur Oscar, who is so thrilled during a picnic at the pond that he is at risk of harassing as well as annoying his friends. The little dragon Peng explains to him how to behave. The story is in rhyme, to stimulate imagination and language at a young age.

Subjects

Engineering (Visual-spatial intelligence)

Social skills introduced

Emotions

Further information

Visual-spatial intelligence is a cognitive ability to be acquired and trained in pre-school age; identifying the spatial relationships between objects helps kids to interact more confidently in the world around them, relating properly to others and to other objects.

Suggested age

3-4 years

Difficulty of game

Learning objectives

- Fine motor skills

Help Oscar dive into the inflatable ring!

Keep the budgie dry! Move it to keep it from getting wet

Drag Peng and help him dry the budgies
